

# FLEX 68LC

LEFT CORNER  
FIREPLACE

**Clean Burning**

Fueled by clean burning e-NRG bioethanol

**Single Room Application**

Left Corner fireplaces feature two open sides - view the flame from the front and from the left corner.

**Global Compliance**

These models comply with existing standards in the USA, Europe, UK and Australia. UL Listed, EN 16647 BSI Certified, ACCC Safety Mandate compliant.

**Toughened Safety Screen**

Your Flex Fireplace features toughened glass to stabilise the flame in windy conditions and provide an additional layer of safety and comfort. The Integrated windscreen sits flush behind the frame.

**Decorative Side Box**

When a decorative box is added, the panel between the standard fire and the decorative box is glass.

**Luxurious Finish**

Available in a timeless black finish, Flex Fireplaces come with stainless steel burners and black glass charcoal.

**Built to Last a Lifetime**

Zinc sealed steel construction powder coated with super hi-temp black paint prevents rusting so all fireplaces can be used both indoors or outdoors.

**Decorative Steel Log Sets (sold separately)**

EcoSmart Fire offers non-combustible logs as an optional, eye-catching accessory for models with the decorative side box. Made from stainless steel with a patina finish, they are available in different finishes.

*\*Decorative logs must NOT be placed directly over an open flame. They are designed to sit near heat but not over flames.*

**Zero Clearance**

Self-contained, zero clearance construction allows your Flex fireplace to be framed into wood or metal studs, providing installation freedom and flexibility for builders, architects, interior designers, landscapers and homeowners.

**Included Accessories**

**Optional Accessory**

Jerry Can

Lighting Rod + Lighter

Operations Manual

Baffles

Black Glass Charcoal

Decorative Steel Logs
